Dear Mr. Varner:

This is to inform you that I have reviewed the Puchack Wellfield SIP report. I agree with your office's recommendation of "No Further Remedial Action Plan" for the site. However, in view that the site is being addressed as part of another NPL site I will have to ask you to eliminate the recommendation and only point out the facts for this site. My office understands that the site is part of another NPL action and will make the proper changes in our databases.

Also, the followings discrepancies were found in your letter report.

1. SGL Modern Hard Chrome Service; ID number is NJD002356475.
2. Swope Oil & Chemical Co.; ID number is NJD041743220.

Please address the discrepancies and eliminate the recommendation paragraph before submitting the final copies to EPA and the NJDEP.

Sincerely yours,

Juan E. Davila
